TEACH Grant Recipient

First Name: Najwa **Last Name:** Dahdah

Student Profile:

TEACH has been the pillar of my educational journey. I have been blessed with TEACH scholarships for my CDA through college, Associate, Bachelor, and now my master's. I believe the TEACH scholarship is the backbone of the Early childhood profession to support us educator with tuition costs to benefit the program and children we work with. In today's economy, it is not possible for us to afford the high costs of higher education. Without the TEACH scholarship, I would not be able to finish my Master's in ECE. Please save this beneficial grant to further our education, we deserve what we have given to children and families over the 18 years of service. Thank You!
