**TEACH Grant Recipient**

**First Name:** Kimberly                      **Last Name:** Stanley

**Student Profile:**

Thanks to the TEACH grant I am able to fulfill my dream of being a teacher. I am currently in Student Teaching and I am unable to work full-time. This grant reduce my financial stress so I could concentrate on finishing school and becoming a teacher. The TEACH grant helps me reduce my student loan debt and gives me more time to concentrate on preparing to teach my students and not worry about finances. I love having the time to work with children in PK-6 school settings.
