Student Profile:

After graduating in 2021 I will be a fourth generation teacher in my family. I truly feel education is in my blood. I want to become a successful educator who not only inspires future generations to strive to be their best, but also be the change. I plan to be a role model who teaches my students the importance (and fun) of lifelong learning. The TEACH Grant has helped me in numerous ways- financially, emotionally, and physically. With the TEACH Grant, I no longer have to balance working 40 hours a week while focusing on being successful in my 5 credit hour classes and managing a household. Since the TEACH Grant reduces my student loan debt, it has created a window for more devoted time to my students. I can observe my classroom more often and have essential one on one time with my students. The TEACH Grant has allowed myself to not have to compromise my student's time over my full-time job working in retail. I am wholeheartedly grateful for receiving the TEACH Grant.
