TEACH Grant Recipient

First Name: Arsenio Last Name: Heslop

Student Profile:

I am passionate about teaching, and about leaving a mark on the next generation of leaders and world changers. This accelerated teaching residency program allows me to do so, and not be employed because of additional funds that i am a recipient of, which includes the teach grant. The teach grant means the difference between me being able to pay rent for the semester or not, that's how important it is.

I urge decision makers not to deny this opportunity to future teachers, and future students who will be impacted ad forever changed.
