# Liz Lindly

## Dean of Students, Loveland High School

Liz Lindly earned her bachelor of social work degree from the University of Wyoming and her master of social work degree from Colorado State University (CSU). For 7 years, she split her time between two high schools as the school social worker. During this time, Lindly became certified as a Licensed Clinical Social Worker and a Licensed Addiction Counselor to ensure continued learning and better skills to serve students and the community. In 2016, Lindly returned to CSU to complete the principal preparation program. She is currently in her second year as dean at Loveland High School. This career change has allowed Lindly to serve students in a different capacity and work toward greater social changes with the ultimate goal of helping to develop the whole child.

# Sue Reed-Baum

Truancy Prevention Specialist, Thompson School District

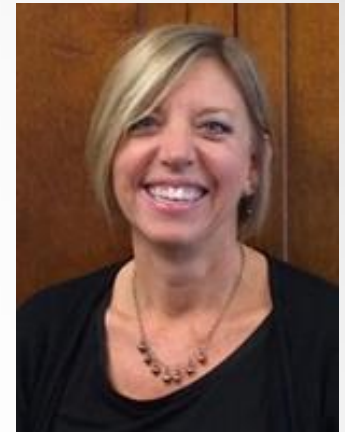

**Sue Reed-Baum** is currently serving her 12th year as truancy prevention specialist for Colorado's Thompson School District. This position requires working alongside school administrators to address attendance and legal concerns. Reed-Baum also works closely with school resource officers to ensure consistent communication and support systems are in place for students and families. Reed-Baum also serves the district as the child welfare education liaison, supervises education placements and supports for youth in foster care, and serves as the district representative for the community-based Family Assessment Planning Team.

# Jennifer Roth

## Assistant Principal, Fort Collins High School

**Jennifer Roth** is an assistant principal at Fort Collins High School in Colorado. She is deeply invested in the long-standing partnership between her school district and CSU to support their successful teacher preparation program. Her 30-year career includes experiences as a teacher, university instructor, and school administrator. Roth has presented nationally about the professional development school model and effective clinical partnerships.

**This webinar will include time for Q&A, so please type in your questions, and we will try to get to as many as possible.**
