

Focus Group Invitation: Integrating Learner Variability Navigation in Educator Preparation Programs

In its efforts to revolutionize education, AACTE is [partnering with Digital Promise](#) to support their efforts to address systems-level transformation that directly addresses the challenges students face.

To begin this work, we invite you to join a focus group of EPP faculty to learn about the resources available through the [Learner Variability Project](#) and what professional development opportunities would be of interest to AACTE members. **As a thank you, all focus group participants will receive a \$25 Amazon gift card.**

The goals of this focus group are to

1. Determine what aspects of learner variability are currently most relevant to professors of education
2. Determine what efforts education professors have taken to address learner variability in their own classroom/students
3. Identify helpful resources and preferences for professional development of education professors to deepen their understanding of learner variability
4. Identify what resources and types of professional learning may be most conducive to shifting practices of education professors
5. Ascertain frictions that would prevent faculty from integrating the LVN tool when training pre-service teachers

Please RSVP for one virtual focus group session. Each session is 60-minutes long.

- [Tuesday, April 26, 12:30 p.m. ET](#)
- [Friday, April 29, 12:30 p.m. ET](#)
