

Without refunds allocated by the TEACH Grant, becoming a teacher would still be a dream. Now that dream has become a reality allowing me to be the first in my family to earn a Master's degree. As a career changer and a single mother going back to school was the last thing on my mind. I saw how my job was affecting my children; they missed their mom. The TEACH Grant gave me that time back with my kids; now I can be with my kids after-school, weekends, and vacations. I no longer work 16-hour shifts, I no longer feel mental, and physically tired. I thank god every day for allowing me to fulfill my purpose, and I appreciate funds giving to me from the TEACH Grant. Without it, I wouldn't be where I am today.
