Student Profile:

I have loved school since I started in kindergarten. My experience was amazing when I was in school and I chose to be a teacher because of the amazing teachers I had in school. It took me a while to find out that education was my passion, but the TEACH grant has helped me be able to put more hours into my educational experience rather than on putting time and effort on worrying about how I will pay for my educational experience. This grant gave me the support I needed when I began my educational path to become a teacher. I am so excited to get to finish my schooling and work toward my goals of changing the lives of students that I will teach.
